

DEMOCRATS ARE GETTING IN GOOD SHAPE.

The cheering news comes from all along the line that the Democrats of Kentucky are getting together, and are united as never before. This is well for "the boys" are going to have a fight on their hands in November, and the sooner we realize it the better. Now, the following from the *Southern Journal* sounds good:

"News comes from all sections of the State that the Democratic party is more united than it has been in years. The recent race left no sore spots and everybody is for the ticket. Governor Black will be one of the most popular candidates the Democrats have had in years. Especially is this true in the mountain section of the State. The people know what he has done for them along educational lines and the interest he has always taken in his own people. No man in Kentucky has done more for the cause of education in the mountains than has Governor Black and the voters will not forget this fact in November."

STRANGE THINGS HAPPEN

A most remarkable phenomenon was visible in the skies Monday night, witnessed by and commented upon by a large number of Paris people who were on the streets. A streak of jet black clouds about the size of an ordinary rainbow reached across the sky from horizon to horizon. The remainder of the sky was clear and numerous stars were visible. The cloud effect remained in view for about thirty minutes, gradually fading from view. Many persons attributed the unusual sight to the forest fires raging in the West, the smoke, due to air currents, being driven across the continent, and assuming the shape witnessed by the spectators Monday night.

NARROW ESCAPE IN ACCIDENTS

Mrs. Nellie Highland and Mrs. N. A. Moore narrowly escaped serious injury recently in a collision. Mrs. Highland's limousine collided at the corner of Main and Sixteenth streets with a vehicle driven by a colored man. The shaft of the buggy and horse's head were driven through the glass doors of the automobile, showing the broken glass over the occupants, but fortunately not injuring them.

While two boys, sons of Ulman Lancaster and W. O. Butler, were driving a pony cart down Pleasant street the animal became frightened and ran away a distance of several blocks. The young lads pluckily held on to the reins until the cart collided with an automobile in front of the job printing establishment of Frank Remington, at the corner of Pleasant and Fourth streets. The impact threw the boys out on their heads, each sustaining slight scalp wounds. Beyond receiving these wounds and bad scare they were uninjured. The cart was demolished.

REAL ESTATE TRANSACTIONS

Mr. J. E. Cassidy, of Lexington, purchased recently of Mr. Newt. H. Taylor, of near Paris, a farm of 120 acres, located on the Iron Works pike, for \$425 per acre. Mr. Taylor bought the farm last year for \$385 an acre. Mr. Cassidy will be given possession of the place in March, 1920.

Wm. H. Whaley, Jr., of Paris, who recently sold his Morris farm, located on the Iron Works pike, near Shawhan, to Mr. Henry L. Henson, of Harrison county, for \$90,000, secured a very substantial advance over the original price, which was about \$50,000. Several years ago Mr. Whaley purchased the farm, which comprises about 307 acres, from Mrs. E. F. Clay, Sr., and her daughters, paying \$40,000 for it. Mr. Henson will get possession in March.

S. D. Mitchell, of Topeka, Kansas, who will raise pure-bred shorthorn cattle on the place, was the purchaser Wednesday afternoon of the Versailles pike, near Lexington, owned by J. C. Calhoun. Possession will be given March 1. Mr. and Mrs. W. H. Railey, of Versailles, made the sale.

Mr. Mitchell is a Kentuckian, his former home being at North Middletown, Bourbon county. For the past eighteen years, he has operated a ranch in Kansas. Mrs. Mitchell before her marriage was Miss Lula Bishop Weaver, of North Middletown.

NOT A RESIDENT OF BOURBON.

A special dispatch to the Lexington Leader, Wednesday, from Shelbyville, stated:

"Holland Wells, aged 60, of Paris, committed suicide, by shooting, in undertaking establishment of his nephew, Guy S. Wells, here this morning at 9 o'clock.

"Mr. Wells came to Shelbyville last Monday to visit his nephew. He had been in ill health for some time and this is supposed to have caused his act."

Inquiry here and at North Middletown developed the fact that the Shelbyville correspondent had been mistaken as to Mr. Wells being from Paris. He was a native of Nelson county, but for the past six years had been making his home in Miami, Florida, with a brother, E. B. Wells.

IN THE SERVICE OF THEIR COUNTRY.

Two more Bourbon county recruits have been taken into the service of Uncle Sam in the naval branch. Clarence Ferguson and Sidney O. Taylor, both of Paris, enlisted in the navy at the Lexington recruiting office Tuesday. Taylor has seen active service in the navy on board one of Uncle Sam's big sea fighters.

Recruiting of men for service in the United States army overseas, which was discontinued about a month ago, has been resumed on orders from Washington. Only white applicants for the infantry and Signal Corps are accepted. Enlistments are for one and three-year terms, the shorter being limited to former members of the American Expeditionary Force.

Strong endorsement of a bill to go before Congress giving all soldiers \$360 bonus was voted by the War Mothers of Jefferson county at a called meeting at the Tyler Hotel, in Louisville, Wednesday. Kentucky Congressmen and Senators will be urged by them to push the measure.

Sidney O. Taylor, of Paris, who has been in the navy five years, rated as a water-tender, re-enlisted Wednesday at the Lexington recruiting station. Clarence Ferguson, of Paris, also enlisted. Both men were sent to Louisville, Wednesday night, for final examination. Taylor has been a guest for some time at the home of Mrs. Pearl M. Taylor, on Ferguson street.

Corporal Millard Hornback, of Paris, who has been the overseas service in France for a year, has received his honorable discharge, and has returned home. Corporal Hornback was a member of the Army Signal Corps with the American Expeditionary Forces, located at Tours, France. He is for the present a guest of his sister, Mrs. Pearl Woods, on South Main street.

Twenty years ago this week four Bourbon county boys, Sol. Current, Wm. H. (Buster) Ward, James (Doc) Manning and Kendall Neal passed a successful examination for army service, and were sent to the Philippines. Current was the only one of the four to get back alive. Ward became Chief of the Municipal Police at Manila, and died there, while the other two died of disease in army hospitals.

J. E. Mills, traveling recruiting officer for the U. S. Navy, is spending a few days in Paris having official headquarters at the local postoffice. All branches of the service are now open to young men between the ages of seventeen and thirty-five, for enlistment. The war pay has now been made permanent, ranging from \$32.60 to \$110 per month. Mr. Mills invites the young men of the county to call on him at the Paris postoffice.

Only two men of the thousands of the American Expeditionary Forces who went into battle against the Germans remain unaccounted for, according to a casualty list issued by the War Department. The previous list showed more than 100 missing in action.

Total casualties now are placed at 291,732, with 77,422 deaths from all causes.

Failing to pass examination for enlistment at the Lexington naval recruiting station on account of being slightly under the legal age, Ollie B. Turner, son of Mrs. Elizabeth E. Turner, of West street, in this city, returned home, and put up such a good argument for the mother's consent that he returned happy, and was accepted for service. He was sent to the Louisville station for final examination.

G. Lee Wainscott, of Winchester, will be especially designated by Gov. James D. Black to visit Great Britain, France and Belgium to inspect the graves of the United States soldiers, especially those from Kentucky who lost their lives during the war. A report of his observations will be made to the Chief Executive. Mr. Wainscott has made application for a passport to the countries which he proposes to visit. He expects to sail from New York on October 1.

The fall term of the Court of Appeals will convene at Frankfort, on Monday, September 15. The docket has been prepared by Rodman Keenon, Clerk of the Court. The case of Johnson vs. The Commonwealth, from Bourbon, has been set for hearing on the opening day. The case of the Western Union Telegraph Co. vs. Chas. S. Brent & Bro., from Bourbon, is assigned for hearing on Friday, Sept. 19.

FARMER ATTACKED BY SOW.

While in a lot at his home on the Wallis farm, near Paris, feeding hogs, Mr. John Howard, a tenant, was attacked by a brood sow. The animal bit Mr. Howard in the calf of the leg, inflicting painful injuries. His cries for help brought his daughter to the scene, who succeeded in lassoing the infuriated animal and dragging it away. A neighboring farmer who was coming to the rescue was also attacked by the sow, but was not injured. Mr. Howard's wounds were cauterized, and the sow was placed in solitary confinement.

DOVE SHOOTING SEASON IS NOW "ON."

Parties of hunters will take to the fields these August days in the hopes of securing a few doves for their tables. The season for dove shooting opens next Monday, when the crack of the sportsman's gun will be heard through the length and breadth of the land.

Under the restrictions of the game laws no one is allowed to kill doves before sunrise or after sunset, or to kill more than fifteen in one day. Owing to the scarcity of hemp fields the rendezvous of the birds will be in and near the woodlands, where they roost at night.

PUBLIC LIBRARY TO REOPEN NEXT TUESDAY.

The Paris Public Library, which has been closed for several weeks, while the librarian, Miss Imogene Redmon, was taking a vacation, will reopen next Tuesday afternoon. The usual hours will be observed, from 1:00 to 6:00, and from 7:00 to 8:00 p. m.

Miss Redmon states that no charge will be made for books that have been out during the time the Library has been closed if they are returned at once. She earnestly requests patrons of the Library to keep the books clean, as often they the returned in a soiled condition, which detracts from their appearance.
